ABC Venture Gates

Connecting the world in Munich

ABC Venture Gates is a Munich-based entrepreneurial center, focused on introducing the best growth stage startups from all over the world to the German speaking market. We create synergies by connecting our business partners to a carefully selected pipeline of disruptive startups.

For young, fast growing companies becoming a part of ABC Venture Gates represents a pivotal moment. We provide them with the expertise, network and credibility that will help them to succeed on the Europe's largest market. Our excellent and growing investor relationships to 100+ VCs and BAs in the DACH region alone, allow startups to attract

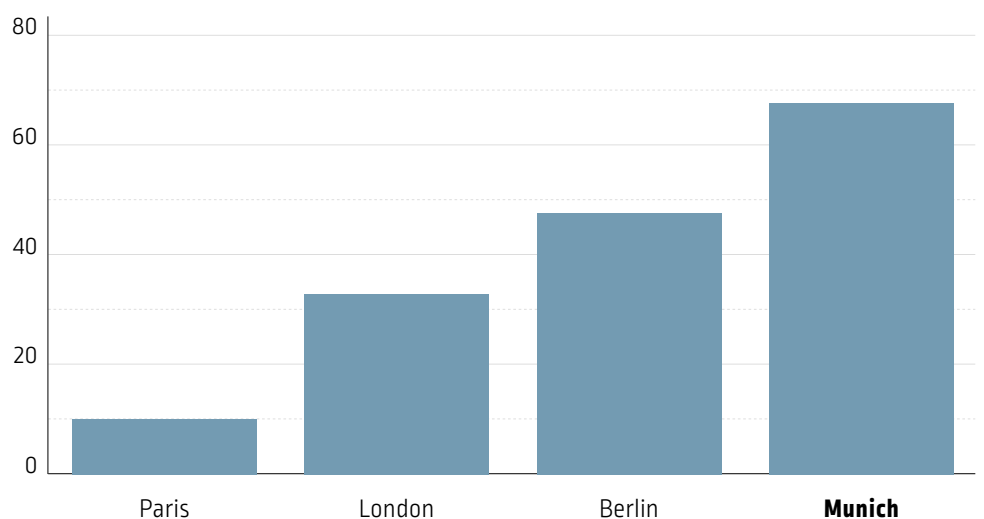

the necessary financial resources quickly. On the other hand, the global reach and scale of the ABC group provides business partners with an easy access point to a constant deal flow and privileged access to our best startups, decreasing due diligence costs and improving investment return.

MUNICH

Munich is the perfect place to build a successful business. The startup concentration in the city is one of the highest in the world. The proximity to two world-leading universities, access to exceptional technology clusters as well as the presence of Europe's most renowned blue chip companies makes a Munich world-class business location.

**ACCELERATION
BUSINESS
CITY**

ABC (Acceleration Business City) is the private accelerator group dedicated to the best entrepreneurs from all over the world.

Focusing on strong, globally ambitious teams with a finished product, ABC accelerates dozens of startups every year. It sources startups through a global network of institutions such as incubators, universities, and co-working spaces, and brings them towards its network of investors and corporations. Our uniqueness is that we want to disrupt physical accelerators around the world with our virtual accelerator program accessible anytime, anywhere, to anyone.

ABC is strategically connected to large, multinational enterprises such as IBM, Microsoft, Cisco, Oracle, Siemens, BMW and others. It is also supported by Berkeley, Harvard, and Stanford Universities. Through this collaboration, ABC can offer its accelerated companies a very wide network and unique access to potential customers, as well as ensuring investment and a push to the global market.

Opening offices worldwide and connecting all the players in the startup ecosystem is crucial. ABC accelerator proved that an ecosystem that already exists, needs to be connected in order to create a revolutionary movement of improvement and attract the best startups and investors. To increase this effect, we created a global unique group of entities for every stage of startups' development and growth.
